Theta Alpha Phi is the national fraternity of dramatics at Park, organized to foster interest in dramatics and to provide means for uniting socially students, alumni, and instructors who have histrionic talents. Among its accomplishments for this year has been the annual play contest, which was won by the seniors with the one-act play, "Storm Before Sunset."

Pi Kappa Delta, National Forensics Fraternity, has as its motives the development of ability in persuasive and beautiful speech. The Park chapter sponsors the annual speech contests, in the four principal divisions of oratory, extemporaneous, and declamatory speaking, and debate. The winners go to the biennial National or Provincial Tournaments.

Alpha Phi Omega

ALPHA PHI OMEGA

Sponsored by Mr. Knight, Prof. Williams, Prof. Setty and Dr. Young, Alpha Phi Omega is the national Scouting fraternity, with triple aims: duty to country, duty to Park College, and duty to self. Its pledge dedicates the organization to altruistic service: "We, the

members of Alpha Phi Omega at Park College, pledge ourselves individually and collectively to give unselfish service on behalf of our fellow men through the college, through Scouting and through community enterprises."

THE SAINTS

Unchartered and unofficial, with its sole aim the sealing of a strong friendship, the Seven Saints have managed to accumulate sixteen offices in various organizations, four Park athletic

sweaters, an appropriate insignia of a grinning devil, and a strong doubt as to whether the color of the haloed Saints be black or white.

The Seven Saints

THE PARKOLLEGIANS

To the infectious rhythm of "Sophisticated Swing," the Parkollegians, Park's dance orchestra, have starred during one more year as the essential feature of dormitory and club parties.

With his eloquent trombone, Mac Ramey and his nine swingsters have led their enthusiastic audiences a merry tune, rivaling the Musician of Hamelin in irresistible rhythms. With loud applause and hopeful encores, the listeners thank the Parkollegians for many evenings of good music.

Here they are: Jerry ("Complete Bodily Empathy") Kiser, Johnny Myers and Frank Klein with their mellow saxes; Arnold Johnson and Mac Ramey blending the sweet bass-notes of their trombones; Paul Fink, Bill Corbridge, and Bern Ramey, harmonizing just as well in swing time as in the classics; Martin Lepard skillfully tickling the ivories, and, steady but insistent under-current, Bob Porter thumping the jungle-drums.

Harmony—exquisite, delightful, thrilling; the antiphonies of the beautifully balanced college choir and the vibrant, mellow organ-tones blend with the simple dignity of our Gothic chapel to produce an unforgettable memory—the last presentation of Handel's glorious "Messiah".

THE PARK LAWRENCE BAND

Under the direction of Richard Renfro and the supervision of Dr. Claude Rader, the Park Lawrence Band has made creditable appearances several times this year.

With its canary and wine capes, the band was taken to the American Royal, big event of Kansas City's social season. They appeared in concert twice before the student body, and surprised the spectators at the basketball games with "swing" versions of well-known musical pieces.

THE PARK COLLEGE ORCHESTRA

The Park College Orchestra has devoted its time this year to improvement of its members, rather than to public appearances. Several of its members have given recitals this year: Winifred Renfro, violinist; Robert Butler, violinist; the three silver-toned trumpeters, Paul Fink, Bernard Ramey, and William Corbridge; Wilfred Weber and his trombone; and others.

The orchestra played also in Kansas City, Kansas.

THE STYLUS

Published once a week without fail, bringing to the students all the news of what's going on in college society, in politics, in sports, publishing each week an "open forum" letter on some debatable public question, and, in addition, printing a live gossip column,—all these activities have kept the Stylus this year prominent in school life. The 1937-38 Stylus received the second-class honor rating by the Associated Collegiate Press of Minneapolis, Minnesota. This is the same rating that has been received for the last two years.

THE NARVA

The annual publication of Park College was founded in 1901, and was named after an Indian chief of this vicinity, Chief Narva. Narva symbolizes, according to legend, the spirit of progress and of brotherhood between nations. He it was who first recognized the value of the vision of the Sage and the Prophet, Dr. McAfee and Col. Park, in founding a college on the sound principles of sturdy labor and faith.

ATHLETICS

M. A. A.

The Men's Athletic Association is the governing athletic body, formed by two men chosen from each club, and pre-

sided over by a president chosen by vote of the student body. These members are: Ralph Phillips, president; Merle Irwin, secretary; J. W. Phillips, Niles Stout, Howard Hettick, Leonard Phillips, John Ladd.

W. A. A.

The Women's Athletic Association is composed of all Park women who are active in sports. Through the association, all awards of points, pins, and sweaters are made. The officers are: president, Margaret Fulton; vice-president, Marian Wightman; secretary, Geraldine Moskau; treasurer, Margaret Jones.

MEN'S SPORTS

For the first time in the history of the college, full-time athletic instructors have controlled athletics, thereby bringing to Park a new era in athletics.

Miss Clements filled adequately the need for an instructor and supervisor in women's athletics, bringing about a very successful season. Rules and regulations for all women participating in athletics were announced by Miss Clements early in October. They were as follows:

M. A. A.

W. A. A.

1. All players must be at the games on time or the entire squad must forfeit the game.

2. Ten hours of practice are required before a player can be eligible for participation in any game.

3. A game will not be stopped because of an injury to a player, but the team will continue the game after substitution.

Coach Robert D. Swanson, also a graduate of Park, and having studied coaching at the University of Iowa, brought to the men's athletic department an entirely new program, one of strict supervision and required training for each individual, prior to all competition.

Early in November Coach Swanson presented the following four men their Park sweaters in a special chapel service: Lloyd Eddy, Howard Hettrick, Rex Sims, and Ralph Kraft. They fulfilled the requirements for a sweater, namely, three majors and two minors, or four majors.

SOFTBALL

At the time of writing, the Parchies seem headed for the crown, having won all their games to date, under the captaincy of Earl Kime. The Lowells have won one game, and lost one, while the favored Orions lost two close battles and yet may return to form and eventually win the championship, as there still remain two more rounds of competition, weather permitting.

Induction Week . . .

By various means of persuasion, the freshmen are induced to become club members. Here are the results:—

"Pre-zent h-arms!" Bill Daniels and his Parchie recruits. . . . sign-up mix-ups, as Lowells and Parchies and Orions choose their clubs. . . . Parchevard, Parchevard, sings Emmie. . . . Red light, green light. . . . hair cuts a la initiation week. . . . "I bow before thee, mighty Aurora," says Gorgeous Gore. . . . (insets) the snake dance uncoils. . . . Good-night, ladies. . . .

. . . Summer Colony

Just right for a dip—Lake Hawley. . . . Sugie and his gals. . . . “Soo, pig! Soo, pig!” . . . Over the fence. . . . Summer colony picnic — with 5 gallons of Hauber’s ice cream. Yum! Yum! . . . Give it a push, girls, as Jo Klumpp cranks the motor and Frances Swackhamer steps on the starter. . . . 3 black crows. . . . as Alumni sees it.

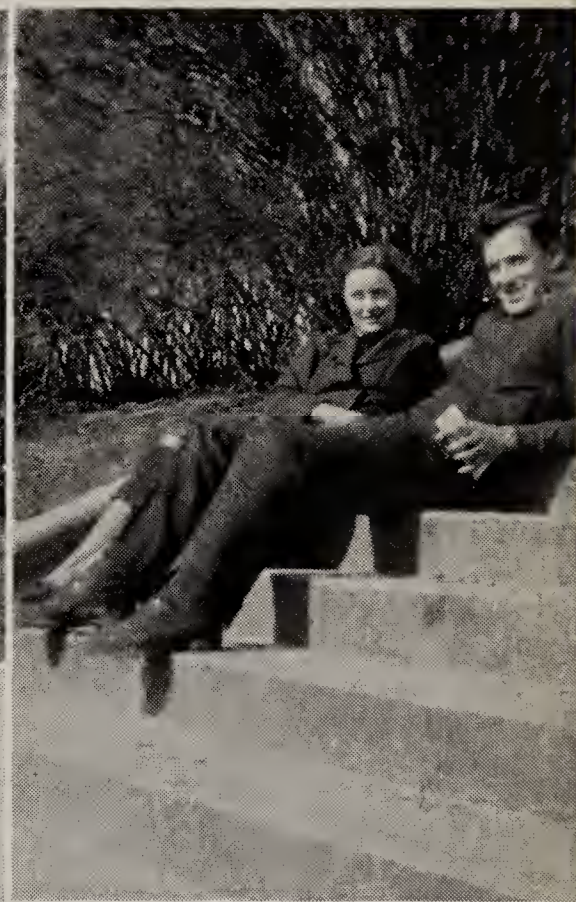

Faces . . .

There were three pretty girls—Mary and Ruth and Kitten. . . . They're 'way up thar — of course it's Betty and Tubby. . . . Half a beard on the face is worth one on third floor Copley, isn't it, George? . . . Four lesser halves—Irwin, Weaver, Purviance and Hinde. . . . Hunt, Shylock Bibens. . . . Sorry, folks, it's feet instead of faces, isn't it! But what could we do when it's Ray's feet?

... And More Faces

A polished Appel. . . . What's his name, Heffy? . . . K. O.K.'s as Gas gasses. . . . Give him the gong — no, the Belle. . . . the Unsquelchable Squish. . . . Laundry? No, just a wash-out—and some line, too. . . . Hi, Johnny!

Gals . . .

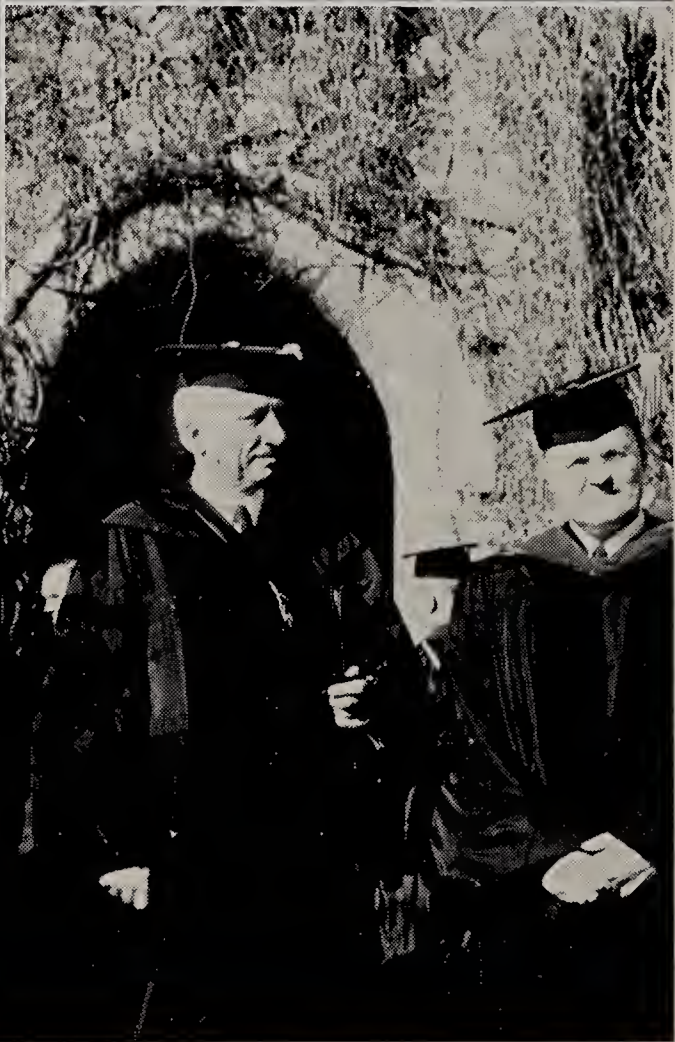

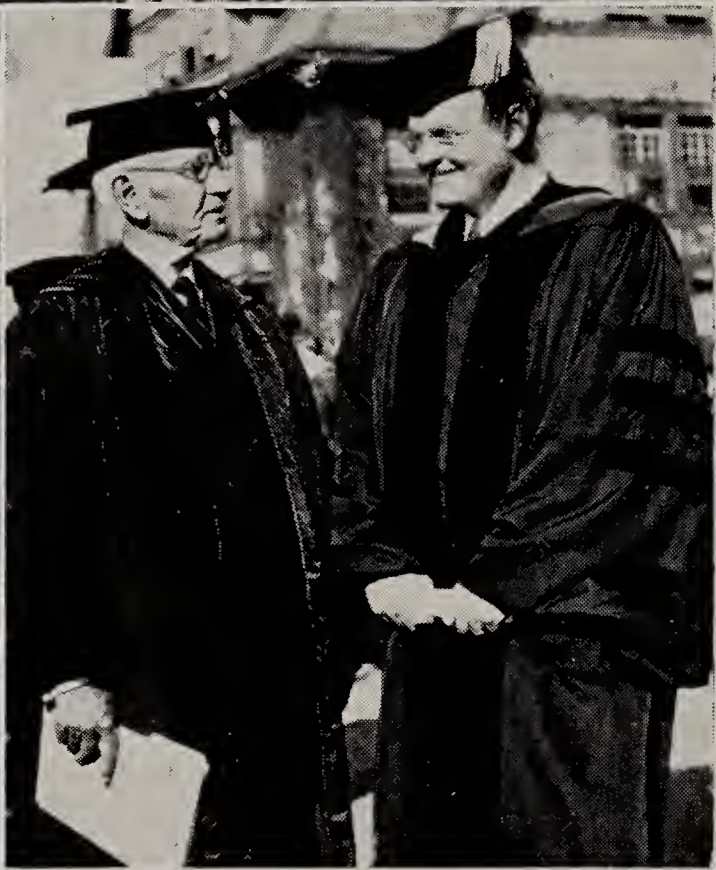

Brighten your corner, Tele. . . . Life comes home to a party. . . . Bee is on the up-and-up. . . . It didn't happen here — it was in Gallatin. . . . She stoops to conquer. . . . Bring him home alive, Seiberta. Poor Herbie!

. . . And Fellows

Percy Good and Tommy Hinde lick their lips—and the coca-cola bottle. . . . as Dean Crull strides up Woodward steps. . . . and poor Perry is in the ash-can. . . . Johnny Smith and six frosh out for an afternoon stroll. . . . No, John, no, J.W., swimming is not allowed. . . . Herbie Hinde takes a swig from a big bottle of apple cider. . . . DR. WILLIAM LINDSAY YOUNG

Smiling, kindly,
idealistic, practical,
in the two years that Dr. Young has been at Park,
he has won the hearts of five hundred new friends,
the students of Park College.

The first lady of Park College . . . one of the greatest joys of this school year has been new opportunities to know Mrs. Young, the dependable, wise, patient wife of our President.

MRS. WILLIAM L. YOUNG

THE ETERNAL NOW

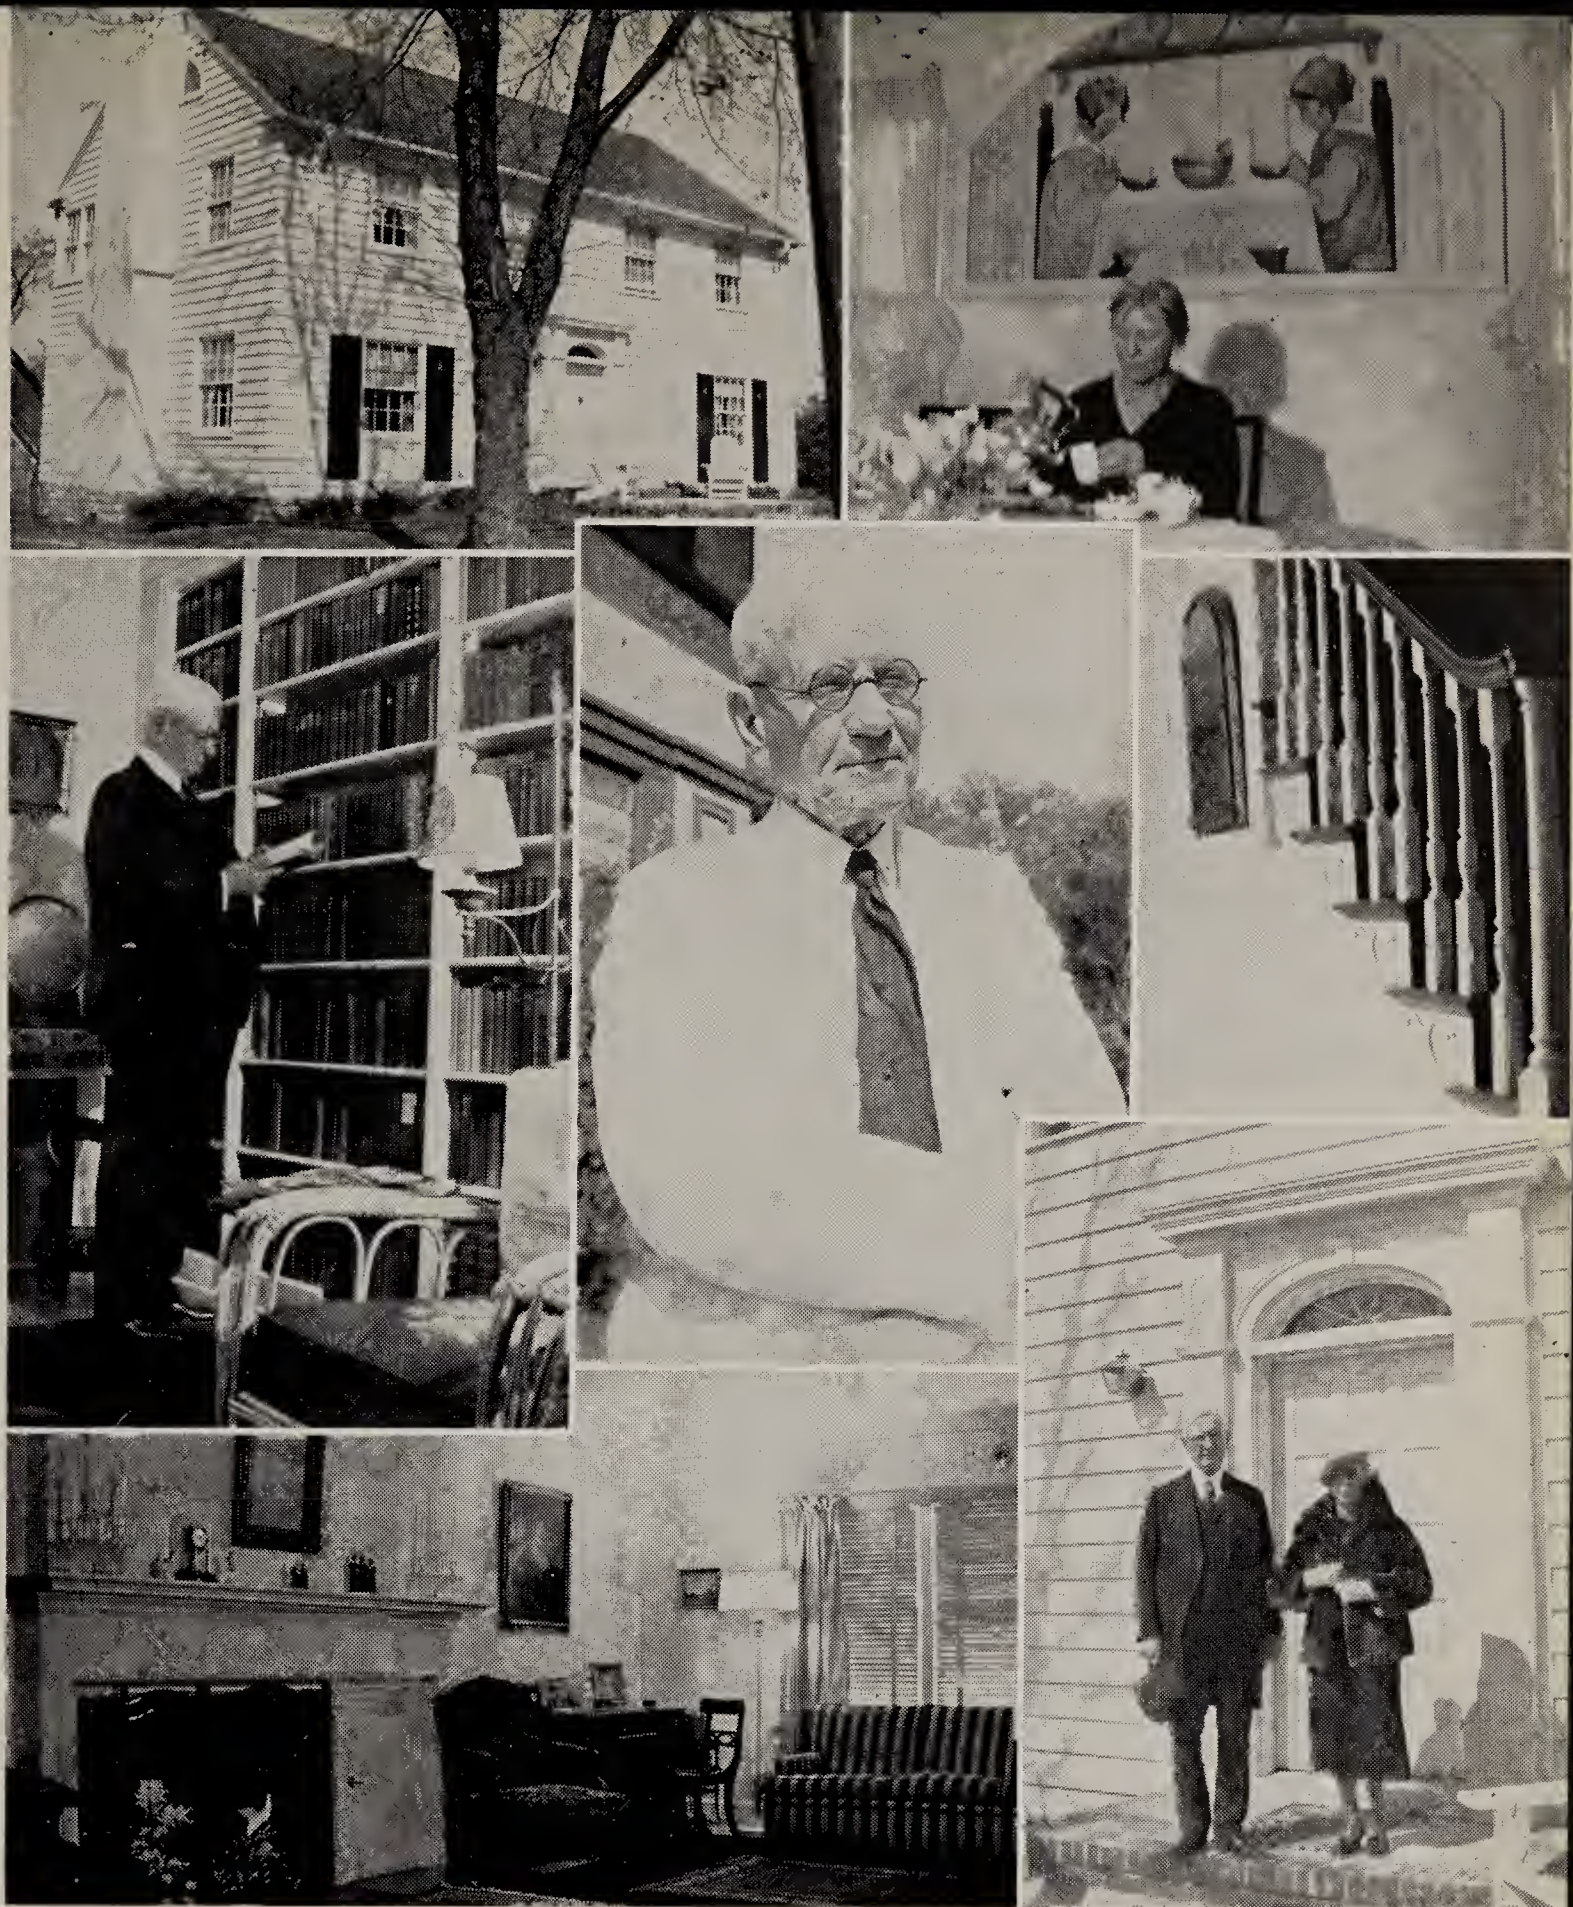

An Open Letter From Dr. Young

It is as characteristic of youth to look to the future as it is for elders to look to the past. There can be danger in fixing one's idea too exclusively in either direction. Recollecting "the good old days" of yesteryear or idly dreaming of the golden age to be may be just two different ways of evading the grim realism of the present. As a matter of fact the past is frozen and nothing we can do will alter what has transpired in the days that are gone. We cannot "undiscover" America any more than we can "unfight" the Battle of Bunker Hill. On the other hand it is not possible to do something today which in the very nature of the case can't be done until sometime in the future. You cannot cross bridges until you come to them, nor can you recall the water that has flowed under them. The challenge we confront is not the remote past nor the distant future but the eternal now. The embankment on either side of us, one called yesterday and the other tomorrow, leaves us only today in which we can act.

This illusive thing we call "Time" may be viewed in this three-fold aspect and used for the common good of man. We can learn from the past lessons that can

be learned in no other way. History looked upon as recorded experience and interpreted wisely can give us clues as to what constitutes the best course of action. The wisdom of the ages is ours if we will but listen to its voice. The future, on the other hand, can be the inspirer of our dreams. Into it we form our ideals and from it gain strength for our hopes. Between what lies behind as wisdom and what lies ahead as challenge is the present, the only time in which we can do anything toward the accomplishment of our life purpose. The urgency of the hour in which we live calls us to action. If we would be true to our heritage from the past and give significance to the future, we must live creatively in the present. Henry Van Dyke wrote the following lines for the sun dial on a college campus:

"The shadow by my finger cast
Divides the future from the past;
Before it, sleeps the unborn hour,
In darkness, and beyond thy power;
Behind its unreturning line,
The vanished hour, no longer thine;
One hour alone is in thy hands,—
The NOW on which the shadow
stands."

DR. FREDERICK WILLIAM HAWLEY (*Center*)
 President Emeritus, and for 21 years President of Park College . . .
 (starting from upper right-hand corner and proceeding clockwise),
 Mrs. Hawley in the dining-room of their new house . . . a casual
 glimpse of the staircase . . . Dr. and Mrs. Hawley . . . a corner of
 the living-room . . . Dr. Hawley with his books . . . the exterior
 of their beautiful, exquisitely designed, new home.

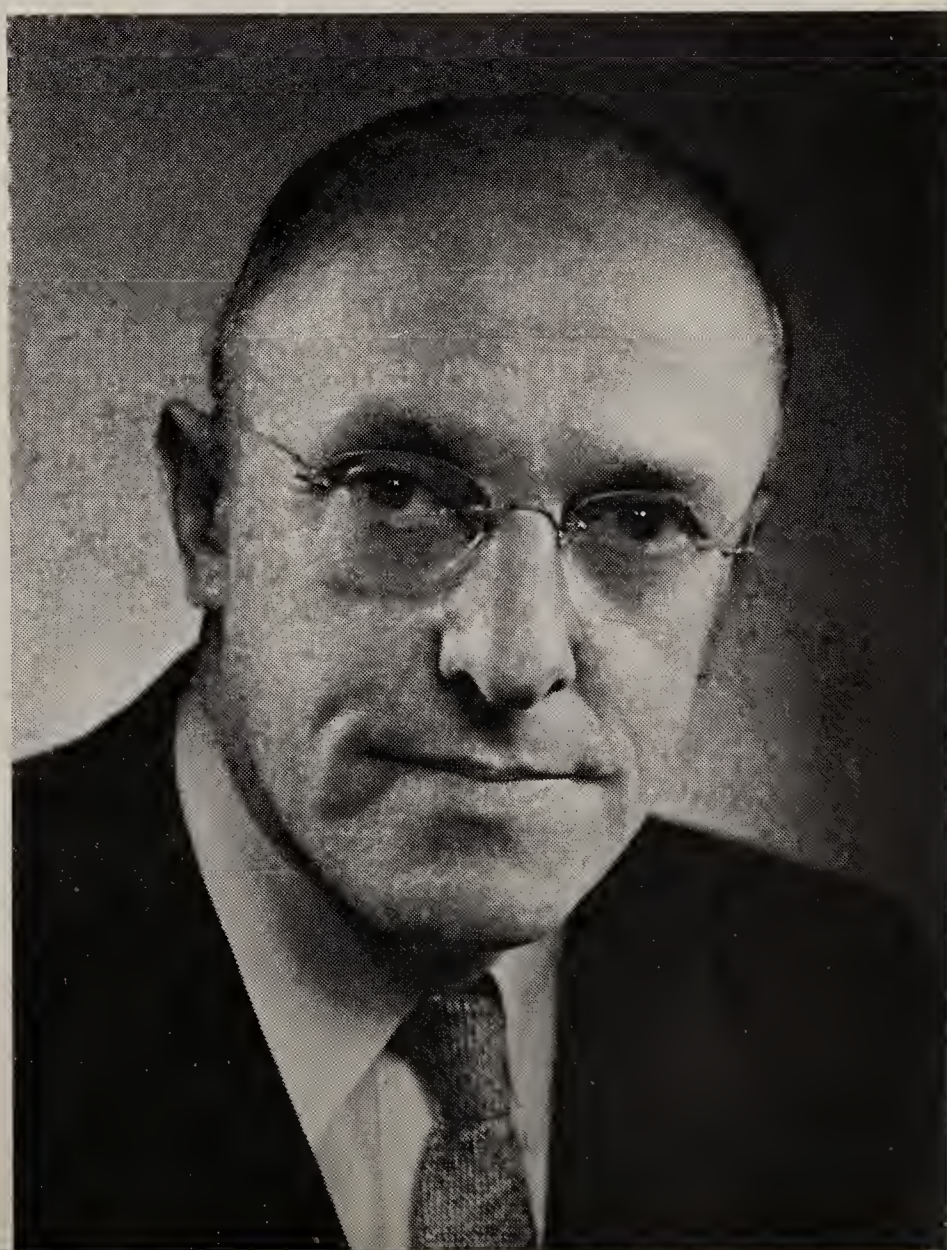

DR. WALTER F. SANDERS,
Dean of the College

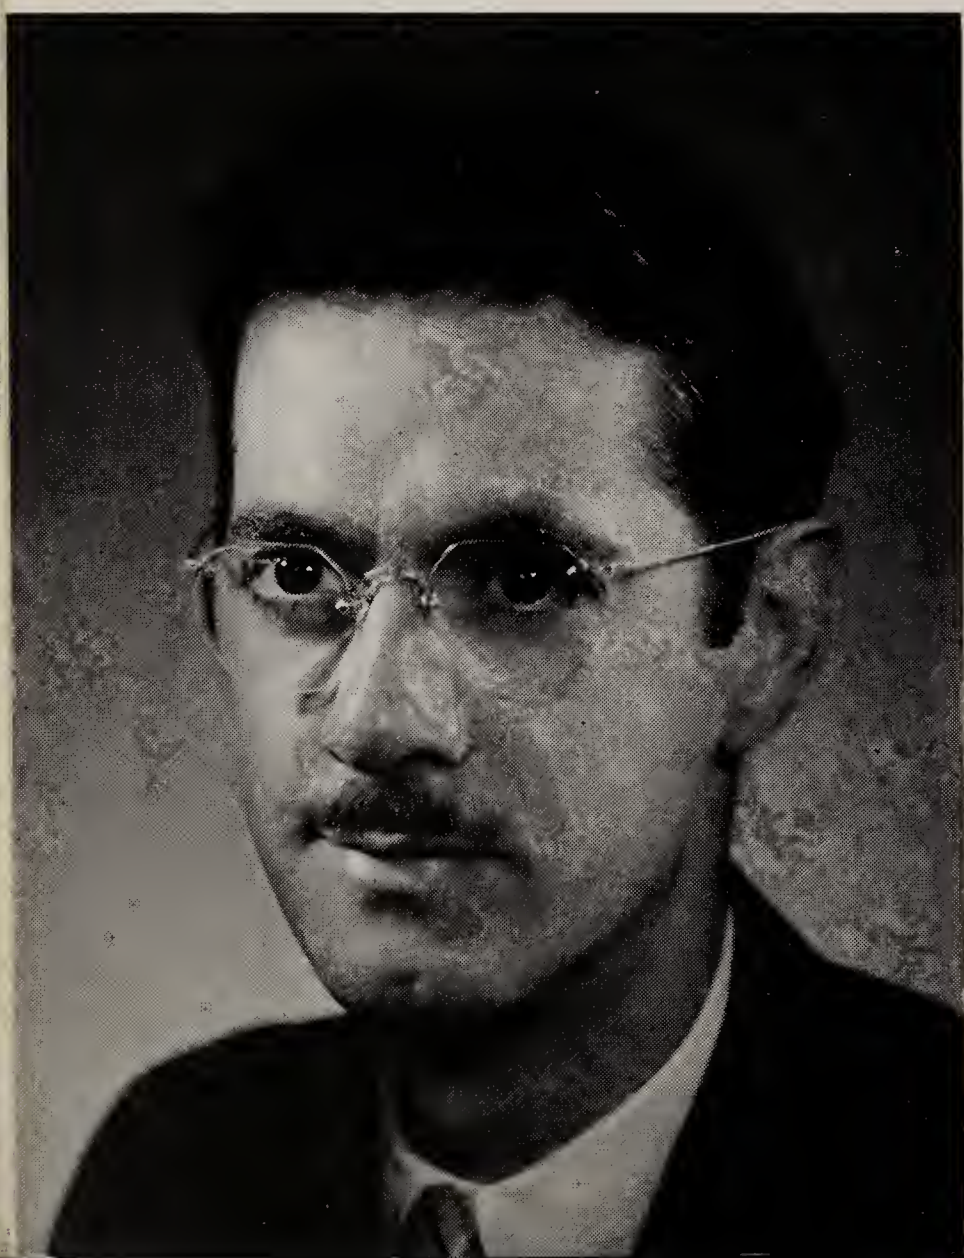

So much has been said about Dean Sanders at Park College since 1911 that there is nothing original left to be said. We present to you one of the most popular men on the campus—Dean Sanders.

The holder of the purse strings, the chancellor of the exchequer, financial adviser and business manager of the college, Mr. Knight is known for his sympathetic understanding of student problems.

STUDENT GOVERNMENT

After two years of blazing the trail, Park's student government organization is finally making headway. In 1935-1936 when Park first initiated government of, for, and by the people, the

Arthur McAuley

first party platforms consisted of strong desires and faint hopes. The faintness of the hopes was justified, for few of the sturdy planks of that platform were ever carried out. Attempts were made to liberalize women's rules, and very little was accomplished. Chapel programs needed revising, and some improvements were made. Three free movies a year were obtained. The privilege of a hearing before the Student Council for recalcitrants was allowed. But in general, the feeling, even among

the council members, was one of disgust and disappointment.

Last year a few more changes were made through the efforts of the Council. Humiliation Night, with its hazing and embarrassment, was eliminated, and supplanted by a freshman amateur hour program. The Council played a notable part in helping the administration see both the students' and the faculty's sides of many questions. The Club Charter system, proposed the year before, was accepted and enforced, stimulating dormant clubs to new spurts of activity. Nevertheless, it seemed at the end of the year that there were many unrealized possibilities of student government at Park.

This year, for the first time, the Council has been able to get into the swing of activity and to actually play a part in governing. As in preceding years, the Council has been both understanding and forceful in mediating between administration and wayward students. But also, this year, the Council, under the able direction of Art McAuley, President of the Student Body, and aided by George Schrader (incidentally, next year's president), Mary Carroll Donnelly, Senior Class President, Robert Corbett, and Florence Hea-

cock has succeeded in providing more vitally-interesting student chapel programs, but still reverent and devotional in character. Through cooperation between the Council, and the Administration, plans have finally been worked out which have permitted broadening of social life. The lower dining-hall, formerly a wasted room except on rare occasions of banquets, has become a meeting-place for short club and committee meetings, for bi-weekly dances, for ping-pong, a weekly class in music appreciation, a greatly needed study room for those freshmen who live far from Mackay, and a room to which the men and women come before and after

meals just to talk or read or listen to the radio.

The charter system, begun so spiritedly last year, has not been allowed to drop, though it has wavered occasionally. The great service of the Student Council though, has been its aid in changing the attitude of the student body. Previously, there has been a feeling of the students *vs.* the administration. This year, much has been done to combat this sentiment, and a new attitude has been adopted, of the students *plus* administration. There has been a renewed cooperation of Park's students and administrative officers, for which the Student Council is to be sincerely commended.

The Women's Self-Government Association

THE W. S. G. A. COUNCIL

Boham, Wightman, Gilbert, Noble, Brugh
Noland, K. Jones, Donnelly, Reed, Montaldo
Miss Harrison

The Women's Self-Government Association was organized in October. Its purpose is to maintain high standards of conduct on the campus through a spirit of loyalty to resolutions and a code for Park women, adopted by

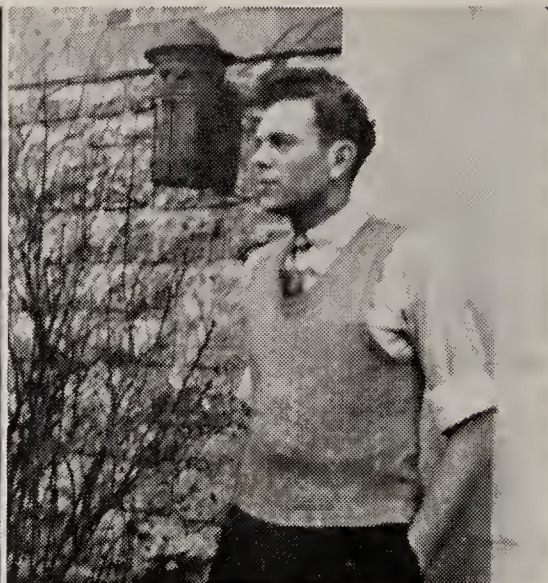

a council of the women themselves. The council this year has attempted to lay foundations upon which we may develop and perpetuate this function of the organization.

From Asia, Central America, the United States, and Europe, from well-to-do, poor, and middle-class homes, from the strict discipline of missionary families, and from the tolerant liberty of large-city dwellers—from such vastly differing environments, young people come to Park College.

In their four years at Park, under the influence of faculty, administrators, and fellow-students, the intolerant learn tolerance, the narrow-minded gain vision, the undisciplined learn the rewards of controlled liberty. Through association with other cultures and backgrounds, they become broad-minded, cosmopolitan, poised, ambitious.

Here are these young people: the Freshmen, the Sophomores, and the Juniors.
